Admissions Brochure for International Students
Fall 2022

I. Study Period

Master program: one to four academic years; Doctorate program: two to seven academic years.

II. Eligibility

Applicants must accord with the regulations of “International Students Undertaking Studies in Taiwan”:

1. A person of foreign nationality who has never held Republic of China (“R.O.C”) nationality and who meets the following requirements is permitted to apply for admission to an educational institution, in accordance with the provisions of these Regulations:

- (1) The person has never undertaken studies in Taiwan as an overseas Chinese student.

- (2) The person has not been given a placement in the current academic year by the University Entrance Committee for Overseas Chinese Students in accordance with the Regulations Regarding Study and Counseling Assistance for Overseas Chinese Students in Taiwan.

2. A person of foreign nationality who meets the following requirements and who in the immediate past has resided overseas continuously for at least six years (up to August 1, 2022) is also permitted to apply for admission to an educational institution, in accordance with these Regulations.

- (1) A person who at the time of their application also holds dual R.O.C. nationality shall have never had household registration in Taiwan.

- (2) A person who before the time of their application also held dual R.O.C. nationality but no longer does at the time of their application shall have renounced their R.O.C. nationality with the approval of the Ministry of the Interior on a date at least eight full years (up to August 1, 2022) before making their application.

- (3) A person referred to in either of the preceding two subparagraphs shall meet the requirements stipulated in Subparagraph 1 and Subparagraph 2 of the previous paragraph.

A foreign national who was selected by a foreign government, organization, or school to study in Taiwan in accordance with the Education Cooperation Framework Agreement, and who has never had household registration in Taiwan may be given exemption for the restrictions set out in the preceding two paragraphs if the competent education administrative authority gives approval.

3. An applicant of foreign nationality, who is eligible for permanent residence in Hong Kong or Macau, who has never had household registration in Taiwan, and who at the time of their application has resided in Hong Kong, Macao, or elsewhere overseas continuously for at least six years (up to August 1, 2022) may apply for admission in accordance with the provisions of these Regulations.

4. A person who was formerly from the Mainland Area and who has foreign nationality and has never had household registration in Taiwan, and who at the time of their application has resided overseas continuously for at least six years (up to August 1, 2022) may apply for admission to an educational institution, in accordance with provisions of these Regulations.

The term "Overseas" mentioned above refers to countries or regions other than Mainland Area, Hong Kong, and Macau; the term “reside overseas continuously” means that an international student has stayed in Taiwan for no more than a total of 120 days in each calendar year. When calculating the number of consecutive years spent overseas, if the initial or final year of the period is not a complete calendar year,

any time spent in Taiwan in the initial or final year must not exceed 120 days. However, time that a person has spent in Taiwan is not subject to this restriction and it is not counted when calculating how long they were in Taiwan in a particular year if the person has documentary proof that they:

- (1) attended an overseas youth training course organized by the Overseas Compatriot Affairs Council or a technical professional training program accredited by the Ministry of Education;
 - (2) spend a total period of less than two years undertaking Chinese language classes at a Chinese language center at a university or tertiary college which has Ministry of Education approval to recruit students overseas;
 - (3) spent a total period of less than two years in Taiwan as an exchange student; or
 - (4) spent a total period of less than two years undertaking an internship that they came to Taiwan to undertake with the approval of the designated central competent authority.
5. An international student applying to study at an educational institution in Taiwan in accordance with the provisions of the two previous articles is **limited to only applying once**. Upon completion of the course of study at a school in Taiwan, the student's admission to another school's academic level shall be handled in the same manner as the admission procedures for local students except for an application for a master's degree or higher levels of graduate studies, in which the application can be processed with the procedures of each individual school.
 6. Applicants who have graduated from a high school, junior college or university recognized by the Ministry of Education of the R.O.C., or with academic qualifications equal to our educational system, may apply for admissions to NCUT (students with a bachelor's degree from outside Taiwan are eligible to apply for master's programs; students with a master's degree from outside Taiwan are eligible to apply for PhD programs). For more information, please visit the website of the Database for the Reference List of Foreign Universities (<https://depart.moe.edu.tw/ed2500/News.aspx?n=E8380E03A0E16960&sms=D2E10027BB4EC183>).
